

Medi-Cal Reimbursement Guide for A&D Medical Blood Pressure Monitors

This document provides billing codes, pricing, and prescription requirements for A&D Medical blood pressure monitors covered under the Medi-Cal Rx program.

Prescription Requirements

To qualify for reimbursement:

- The patient must be enrolled in Medi-Cal.
- A valid prescription for a blood pressure monitor must be issued by a licensed healthcare provider.
- The prescription should specify the need for a home blood pressure monitor and, if applicable, the required cuff size.

Billing Instructions

- Submit claims using the appropriate NDC code provided.
- Ensure the prescription is on file and meets Medi-Cal documentation standards.
- Refer to the Medi-Cal Rx Provider Manual for detailed billing procedures and compliance requirements.

FAQS

Can Medi-Cal be billed directly for reimbursement on these monitors?

Yes. Use the listed NDC codes and follow Medi-Cal Rx billing procedures.

Are accessories like cuffs reimbursable?

Yes. Multiple cuff sizes are covered under Medi-Cal.

Do patients need training to use these devices?

No. Devices are designed for simple, at-home use with clear instructions and optional app support.
